

Dayna Williams, RN, BSN

Geriatric Care Manager

Dayna Williams has over 26 years of clinical experience as a registered nurse and a track record of commendations from patients, families and managers for her exceptional care. Dayna graduated from Florida State University with her Bachelor of Science degree in Nursing. She began her career as a critical care nurse in the Cardiovascular Intensive care unit. From there she joined the Post Anesthesia Care Unit, where she cared for and stabilized all post operative surgical patients including pediatrics.

Dayna obtained her national credentialing as a Perianesthesia Nurse (CPAN) and became certified in a variety of areas including Pediatric Advanced Life Support, Adult Cardiac Life Support, and Trauma care. She most recently worked as a hospice nursing care manager for the past 4 years, where she developed her passion for Elder Care and assisting with managing the complexities that come with caring for both patients and their families.

Dayna frequently works with clients in a variety of settings including assisted living facilities, memory care units, nursing homes, and home/hospice care. Dayna, in addition to her strong clinical skills as a nurse, instantly builds rapport with her clients and families which allows her to excel as an effective care manager.

In her free time Dayna enjoys volunteering at her local animal shelter, hiking, and spending time with her family. She is married to her high school sweetheart, and they have been together for over 32 years. They have two teenagers and a menagerie of pets that complete their family.
